

The Sessions

Decoupage.

“Creative child’s play for grown-ups”. Use scraps and cut outs to build up layers of decoration as the Victorians did.

Rag rugs

Learn how to make a simple rag rug, or, if you already know, have a go at making another, and tell us about when you used to make them.

Tile-making

Come and play with clay. Make a tile which you can decorate in any way you want and take home with you as a reminder of your visit

Site Tour

A guided tour of the Abbey, and selected parts of the museum, pointing out aspects of historical and social interest. Suitable for wheelchair users, too.

Reminiscence artefacts

We have a wide range of objects from the past. We would love to hear your stories about them. Come and have a go at handling them, and see what memories they bring back.

Washday

Forget washing machines, this is real washing, as it used to be done. Why take an hour over your washing when you can take a whole week! Come and see how it used to be done, and be prepared to lend a hand!

Crafts

Simple country crafts that you can have a go at yourselves. Maybe you used to be an expert and can bring back forgotten skills. We’d love to hear about it. Includes making lavender bags and paper hats.

The day is designed for anyone who wishes to reminisce, or who wishes a quiet day out in beautiful and interesting surroundings.
